## Evacuation

# Emergency Scenarios

### Used for:

- *Fire, bomb threat, suspicious package, or interior water/electrical hazard*
- *Significant chemical or biological spill*

### Actions:

- *Vacate building at the nearest exit (take personal items with you), then move toward the evacuation assembly area*
- *Report to your section/division director and contact Public Safety, x5333.*
- *Do not seek your own refuge, e.g., the bathroom or your office*
- *Await further instructions from emergency personnel*

## Shelter

### Used for:

- *Severe Weather (tornado, lightning storm)*
- *Active shooter on campus but not inside the Tennis Center (Hard Lockdown)*

### Actions:

- *Remain inside the building*
- *In the event of severe weather, move to the severe weather shelters (Women's locker room). Await further instructions from RAVE communication or emergency personnel.*
- *In the event of an active shooter on campus but not inside the Tennis Center, shelter behind a closed (preferably locked) door and await further instructions from RAVE communication or emergency personnel.*
- *Stay away from common areas such as the lobby or lounge area.*

## Active Shooter in Tennis Center Building

### Used for:

- *Active shooter inside the Tennis Center*

### Actions:

- *Response Options: Run/Escape, Hide/Barricade, or Fight Back as a last resort*
- *Exercise your best judgment to assess your courses of action*
- *Consider exiting the building through a window or exterior door*
- *Consider barricading yourself in your office or classroom*

# **Guidelines for People with Permanent or Temporary Disabilities**

**Whether a permanent disability, such as arthritis or asthma, or temporary, such as a broken leg or pregnancy, your co-workers may need assistance evacuating in the event of an emergency.**

**Become familiar with alternate evacuation routes in buildings you use frequently.**

**Consider various disaster scenarios and decide ahead of time what you would do in different emergencies.**

**If you have an impairment, arrange for volunteers (co-workers) to alert you and assist you in an emergency - the “buddy system”. Once accomplished, alert your Emergency Coordinator to your buddy plan.**

**If you have a mobility impairment and cannot exit, (1) move to a safer area, e.g.,**

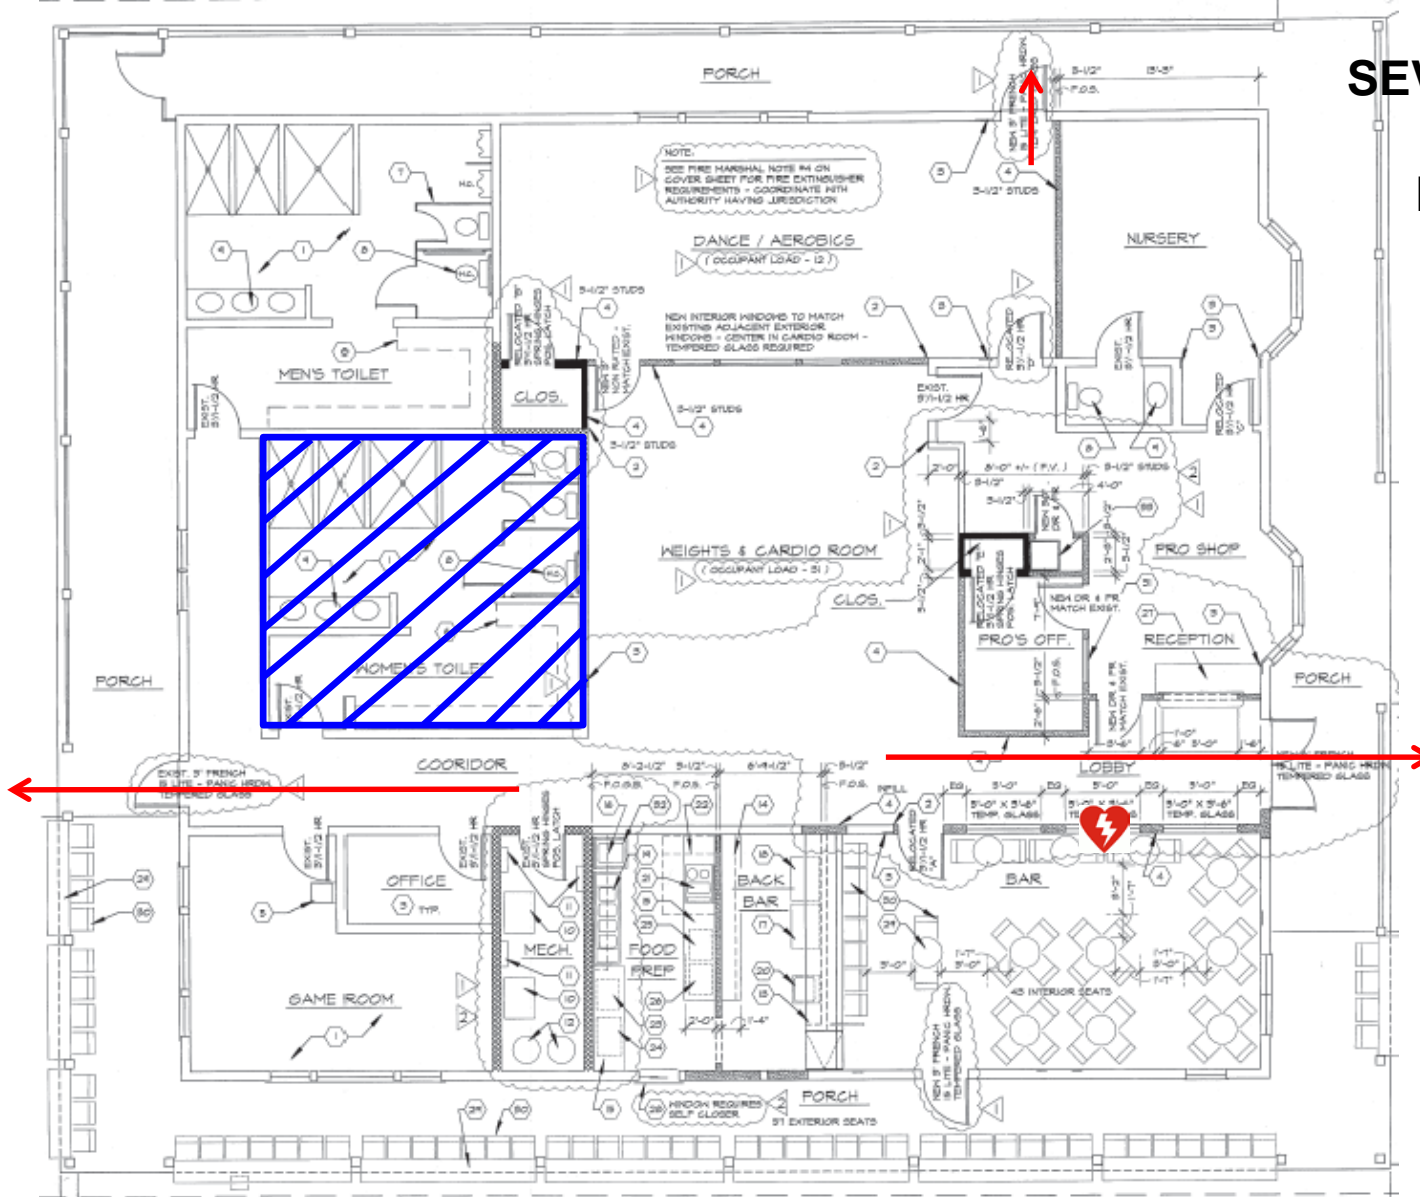

- Most enclosed stairwells**
  - An office with the door shut which is a good distance from the hazard**
- and (2) call for assistance.**

**If you come in contact with a person needing support during an emergency, please assist in any way possible within the limits of your ability and desire.**

**Always ASK someone with a disability how you can help BEFORE attempting any rescue technique or giving assistance. Ask how he or she can best be assisted or moved, and whether there are any special considerations or items that need to come with the person. Communicate in writing if required.**
